

OCCUPATIONAL THERAPY

Support for

PARENTS & CAREGIVERS

This modular programme of face to face training is suitable for anyone caring for a child/young person (aged 2-25) with Neurodiversity.

Gain valuable skills and knowledge to help them achieve and thrive

What's Included?

Practical Occupational Therapy training

How to support independence within functional skills, participation, confidence and wellbeing

How to recognise common barriers

How to support motor skills, handwriting, sensory processing, self regulation, attention, and self care.

Moduled training programme with take away strategies

Where

Held in our Clinic space in Hampshire this course is delivered by Alison Cairns & Sarah Minter who have over 50 years experience between them in Clinical OT Paediatric Practice.

You'll have the opportunity to ask questions, talk about strategies and discuss real life practice.
